Business ethics is a form of the art of applied ethics that examines ethical rules and principles within a commercial context, the various moral or ethical problems that can arise in a business setting, and any special duties or obligations that apply to persons who are engaged in commerce. Perhaps too often, business ethics is portrayed as a matter of resolving conflicts in which one option appears to be the clear

choice. For example, case studies are often presented in which an employee is faced with whether or not to lie, steal, cheat, abuse another, break terms of a contract, etc.
