1. Downsize the Big Stuff If You're Moving. If you know you're moving from a three-bedroom home to a two-bedroom home, there's absolutely no reason for you to move three beds, three dressers, and three bedside tables to your new place. It costs money to haul big furniture, and if there's nowhere to put it, you'll just have to pay for a storage unit. Building on the award-winning Downsiz-

ing the Family Home, this guide—part journal, part workbook, part scrapbook—gently walks downsizers through their profound journey. It's just stuff! Maybe so, but sorting through it all and quieting the emotions that downsizing stirs up is difficult ...

Downsizing the Family Home - Reluctant Entertainer

There are different reasons for downsizing the family home. They may be of a financial or organizational/practical nature, but one way or the other: Downsizing the family home into a smaller version can be a challenge. It also comes with various benefits, so let us have a look at both aspects.

If you're interested in downsizing with a family, this is the very first blog post I wrote about our decision to downsize. I wrote this while we were traveling in

Spain in 2015, renting a small apartment and living like locals.

Building on the award-winning Downsizing the Family Home, this guide—part journal, part workbook, part scrapbook—gently walks downsizers through their profound journey. It's just stuff! Maybe so, but sorting through it all and quieting the emotions that downsizing stirs up is difficult—whether you're going through your own or your parents' home.

Downsizing the Family Home | Jonathan Pond

If you think moving up in life means buying a bigger home, it's time to set the record straight. Most American families have plenty of room to downsize their home without cramping their style. Consider the numbers: The average new single-family home comes in at over 2,600 square feet, according to the United States Census Bureau.
