LONGLISTED FOR THE 2019 NATIONAL BOOK AWARD LONGLISTED FOR THE 2020 BEST TRANSLATED BOOK AWARD FOR FICTION “The cumulative effect is hypnotic. Hjorth works finely parsed and brilliant variations on her unrelenting theme of familial mistrust and misunderstanding.” –New York Times “A prickly, persuasive novel. Like Knausgaard, Hjorth is writing against repression, against the taboo on

telling things as they really are. But he urges us to look at dead bodies; she forces us to regard bleeding souls.” –New Yorker Four siblings. Two summer houses. One terrible secret. When a dispute over her parents’ will grows bitter, Bergljot is drawn back into the orbit of the family she fled twenty years before. Her mother and father have decided to leave two island summer houses to her sisters, disinheriting the two eldest siblings from the most meaning-

ful part of the estate. To outsiders, it is a quarrel about property and favouritism. But Bergljot, who has borne a horrible secret since childhood, understands the gesture as something very different—a final attempt to suppress the truth and a cruel insult to the grievously injured. Will and Testament is a lyrical meditation on trauma and memory, as well as a furious account of a woman’s struggle to survive and be believed. Vigdis Hjorth’s novel became a

controversial literary sensation in Norway and has been translated into twenty languages.

Originally published in 1973. The predominantly historical approach in this book heralds a belief that a better understanding of Aristotle the man, and the salient events of his life, leads to a greater insight into his work as a philosopher. This, the first of two volumes, presents interpretations of Aristotle's life, widely interesting to any Aristotle scholars.

Edward Hendrie uses God's word to strip the sheep's clothing from false Christian ministers and expose them as ravening wolves preaching an anti-gospel. The anti-gospel is based on a myth that all men have a will that is free from the bondage of sin to choose whether to believe in Jesus. The Holy Bible, however, states that all men are spiritually dead and cannot believe in Jesus unless they are born again of the Holy Spirit. Ephesians 2:1-7; John 3:3-8. God has chosen his elect to be saved by his grace through faith in Jesus Christ. Ephesians 1:3-9; 2:8-10. God imbues his elect with the faith needed to believe in Jesus. Hebrews 12:2; John 1:12-13. The devil's false gospel contradicts the

word of God and reverses the order of things. Under the anti-gospel, instead of a sovereign God choosing his elect, sovereign man decides whether to choose God. The calling of the Lord Jesus Christ is effectual; all who are chosen for salvation will believe in Jesus. John 6:37-44. The anti-gospel has a false Jesus, who only offers the possibility of salvation, with no assurance. The anti-gospel blasphemously makes God out to be a liar by denying the total depravity of man and the sovereign election of God. All who preach that false gospel are under a curse from God. Galatians 1:6-9.

How transatlantic thinkers in the late nineteenth and early twentieth centuries promoted the unification of Britain and the United States Between the late nineteenth century and the First World War an ocean-spanning network of prominent individuals advocated the unification of Britain and the United States. They dreamt of the final consolidation of the Angloworld. Scholars, journalists, politicians, businessmen, and science fiction writers invested the "Anglo-Saxons" with extraordinary power. The most ambitious hailed them as a people

destined to bring peace and justice to the earth. More modest visions still imagined them as likely to shape the twentieth century. *Dreamworlds of Race* explores this remarkable moment in the intellectual history of racial domination, political utopianism, and world order. Focusing on a quartet of extraordinary figures—Andrew Carnegie, W. T. Stead, Cecil J. Rhodes, and H. G. Wells—Duncan Bell shows how unionists on both sides of the Atlantic reimagined citizenship, empire, patriotism, race, war, and peace in their quest to secure global supremacy. Yet even as they dreamt of an Anglo-dominated world, the unionists disagreed over the meaning of race, the legitimacy of imperialism, the nature of political belonging, and the ultimate form and purpose of unification. The racial dreamworld was an object of competing claims and fantasies. Exploring speculative fiction as well as more conventional forms of political writing, Bell reads unionist arguments as expressions of the utopianism circulating through fin-de-siècle Anglo-American culture, and juxtaposes them with pan-Africanist critiques of racial domination and late twentieth-century fictional narratives of Anglo-American em-

pire. Tracing how intellectual elites promoted an ambitious project of political and racial unification between Britain and the United States, *Dreamworlds of Race* analyzes ideas of empire and world order that reverberate to this day.

New essays providing an up-to-date picture of the engagement of artists, philosophers, and critics with Kafka's work.

This book focuses on medieval legal history. The essays discuss the birth of the Common Law, the interaction between systems of law, the evolution of the legal profession, and the operation and procedures of the Common Law in England. All these factors will ensure a warm reception of the volume by a broad range of readers.

More than fifty specialists have contributed to this new edition of volume 1 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957, to add mate-

rials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.

This is the BOLD Letter Edition of "The Modern Literal Version," (2016 Beta N.T. Update, 12-05-15, black & white, with words of the God, Jesus & The Holy Spirit in BOLD print, narrow margin and standard size 12 point font). Quick Overview: The "Modern Literal Version" uses the Majority Text ("The New Testament in the Original Greek Byzantine Textform 2005 Compiled and Arranged by Maurice A. Robinson and William Pierpont"). Two distinct and opposite techniques are used in translating the New Testament from the Greek. The "Modern Literal Version" is the first type, a 'literal' translation sometimes called 'word-for-word' translation. The second and most common in the past 30 years is to paraphrase the Greek into English. These are: dynamic equivalence, free style, thought-for-thought, better than a word-for-word and so on. We understand the value of paraphrases for those looking for a Bible that reads as easily as a newspaper, how-

ever we feel strongly about having a Bible without opinions of what was meant but instead faithfully reproduces the original Greek Bible into Modern English. One way to look at this is: if there was a court case with a particular document that was being used as evidence and this document was in a foreign language would a "thought-for-thought" translation be acceptable? The 'document' we are talking about here is the 'Last Will and Testament' of our Lord Jesus & Savior. The goal of everyone who worked on the "Modern Literal Version" was to keep any form of commentary or paraphrase out of this translation as is humanly possible. The MLV is not sold for profit because there is no denomination or publishing company or foundation behind it. All Christian groups have had the opportunity to submit fixes or help. The only uninspired traditions kept in the MLV are: punctuation and capitalization; chapter and verse numbers; and book order. The Open Translation Bible: The Modern Literal Version Bible is considered 'finished, ' although it has been open for revision by anyone since 1998. Our utmost desire is to have a translation that has no errors and we believe that the best way to produce

an error-free translation is to keep it open to the public in the same manner as 'open-source software' is to programmers. We have found no better way than our 'open translation' idea in its 15 years to achieve this goal. Absolutely anyone in the world is able to contribute, for sure, the few million who have visited the Christian Library have had that opportunity. To God is the glory, power, and dominion forever and ever. Amen

God's special covenant with his chosen people. Blood covenant has been called the most powerful bond in the Bible tying God to His people. But what does that mean to you living in today's world? Did you know that: God recognizes no one without being in covenant with them. God has made many kinds of covenants with people through the centuries. Each covenant God entered drastically changed the lives of the partner who has made covenant with Christ. This New Covenant was nothing you did. You are merely invited to enter a covenant that Christ made at the cross with His Father. By His grace, he counts you in where you obey the Gospel. These and many more insights await your discover in the God of The Covenant.

Emmanuel Levinas (1905-1995) was one of the foremost thinkers of the twentieth century. His work influencing a wide range of intellectuals such as Maurice Blanchot, Jacques Derrida, Luce Irigaray and Jean-Luc Marion.

This is the first comprehensive study of the life and work of Bartolomeo Cristofori, the Paduan-born harpsichord maker and contemporary of Antonio Stradivari, who is credited with having invented the piano-forte around the year 1700 while working in the Medici court in Florence. Through thorough analysis of documents preserved in the State Archive of Florence, Pollens has reconstructed, in unprecedented technical detail, Cristofori's working life between his arrival in Florence in 1688 and his death in 1732. This book will be of interest to pianists, historians of the piano, musicologists, museum curators and conservators, as well as keyboard instrument makers, restorers, and tuners.

Shakespeare is the most critically acclaimed playwright of all time. So why is he so hard to understand? This massive anthology of Shakespeare's tragedies will give you a new appreciation of William Shakespeare by putting each of his tragic

works in plain and simple English. Included in this anthology: Romeo and Juliet Coriolanus Titus Andronicus Timon of Athens Julius Caesar Macbeth Hamlet Troilus and Cressida King Lear Othello Antony and Cleopatra Cymbeline The original text is also presented in the book, along with a comparable version of both text. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. We are a small, but growing company, and are adding titles every month.

King Henry V saw his reign and military efforts in France as a holy crusade to reclaim the French throne for his ancestors. Almost everything he did was governed by a well-thought-out philosophy that united political power, religious devotion and military success. This book includes the most up-to-date research on Henry V's reign, with a focus on historiography. His role in English history, as well as his actions as a ruler and military commander, are discussed throughout the text. This approach demonstrates how historians interact with a complicated academic literature that os-

cillates between hero worship and vilification of Henry. In the end, Henry V is measured by the standards of his day and was unquestionably a successful warrior king.

Reissuing works originally published between 1938 and 1993, this set offers a range of scholarship covering Aristotle's logic, virtues and mathematics as well as a consideration of De Anima and of his work on physics, specifically light. The first two books are in themselves a pair, which investigate the philosopher's life and his lost works and development of his thought.

System Requirements for Optional Software: A computer is not necessary to use this kit. However, if you will be using the Optional 3.5" software disk in this kit, your computer must be an IBM PC or compatible, MS-DOS or any version of Windows, and any word processing program (such as Microsoft Word, Works, Word Perfect, or other brands.) This Complete Package Contains Everything You Need to Prepare Your Own Will: This kit includes seven different will forms to cover any situation. Whether you are single, married, widowed, with or without children, this kit will suit your needs. (If you are married, you only need one kit.) Simply follow the instructions,

and you can have your Last Will and Testament prepared in a matter of 30 minutes or so. It's that easy! This Kit Allows You to:

- \* Set up a trust fund for children
- \* Decide who will be the guardian of any minor children
- \* Leave assets to your surviving spouse or any other beneficiary you choose

This Will Kit Contains: This Do-it-Yourself Will Kit contains all the legal documents you need to successfully prepare your own Last Will and Testament. You will not need (nor have the expense of) an attorney. The kit has been written by legal experts. It is designed to be used by any person in any state to successfully prepare their own will.

The Washington Post hails Greil Marcus as our greatest cultural critic. Writing in the London Review of Books, D. D. Guttenplan calls him probably the most astute critic of American popular culture since Edmund Wilson. For nearly thirty years, he has written a remarkable column that has migrated from the Village Voice to Artforum, Salon, City Pages, Interview, and The Believer and currently appears in the Barnes & Noble Review. It has been a laboratory where Marcus has fearlessly explored and

wittily dissected an enormous variety of cultural artifacts, from songs to books to movies to advertisements, teasing out from the welter of everyday objects what amounts to a de facto theory of cultural transmission. Published to complement the paperback edition of *The History of Rock & Roll in Ten Songs*, *Real Life Rock* reveals the critic in full: direct, erudite, funny, fierce, vivid, astute, uninhibited, and possessing an unerring instinct for art and fraud. The result is an indispensable volume packed with startling arguments and casual brilliance.

Focusing on the problems of translating English legal language, Alcaraz and Hughes offer a wide-ranging view of one of the most demanding and vital areas of contemporary translation practice. Individual chapters deal with legal English as a linguistic system, special concepts in the translation of legal English, the genres of legal translation, and offer a series of practical problems together with discussions of proposed solutions, as well as insight into the pragmatic ways translators go about finding solutions. The numerous examples and discussions of specific terms make the book useful both as a manual in the trans-

lation class and as an invaluable reference work for students, teachers, self-learners and professional translators.

Theorizing Legal Personhood in Late Medieval England offers an account of the fluidity and artificiality of legal personhood before the individualistic turn in law vis-à-vis juristic pluralism.

Don Paterson is one of Britain's leading contemporary poets. A popular writer as well as a formidably intelligent one, he has won both a dedicated readership and most of Britain's major poetry prizes, including the T. S. Eliot Prize on two occasions, the Forward Prize in every category, and the Queen's Gold Medal for Poetry. In this first comprehensive study of Paterson's poetry, Ben Wilkinson presents him as a modern-day metaphysical, whose work is characterised by guileful use of form, musicality, colloquial diction and playful wit, in pursuit of poetry as a moral and philosophical project. Drawing on a wide range of commentators, Wilkinson traces Paterson's development from collection to collection, providing detailed close readings of the poems framed by theoretical and literary contexts. An essential guide for students, spe-

cialists, and the general reader of contemporary poetry, it presents Paterson as a major lyric poet.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

A Companion to Vergil's Aeneid and its Tradition presents a collection of original interpretive essays that represent an innovative addition to the body of Vergil scholarship. Provides fresh approaches to traditional Vergil scholarship and new insights into unfamiliar aspects of Vergil's textual history. Features contributions by an international team of the most distinguished scholars. Represents a distinctively original approach to Vergil scholarship.

Oxford University Press adds to its prestigious list of parallel-text biblical-reference resources with the Evangelical Parallel New Testament. This volume features the New Testaments of eight translations used by various segments within the evangeli-

cal community today. It is particularly notable for including the recently published Holman Christian Standard Bible, The Message, the New Living Translation, and Today's New International Version. The texts are arranged on facing pages, with the texts of four translations on each page. The Evangelical Parallel New Testament shows the translation philosophies and word choices made by diverse groups of evangelical scholars during the last three decades of the twentieth century. This useful volume features three interesting essays: one on the specific characteristics of each translation and where it falls in the spectrum of approaches, a second on formal vs. functional equivalence in translation, and a third on the underlying Greek text of the New Testament.

This collection includes all Klein's poetry, both original works and translations from Hebrew, Yiddish, Aramaic, and Latin. Many of them, coming from all periods of his careers, have never been published.

This Modern Literal Version New Testament edition is: Sky Blue with black lettering covers, BOLD Letter, 2017 update, 2-18-2018, black and white with the words of God, Jesus and the Holy Spirit in BOLD

print, standard 12 point font size and about 45 blank pages for notes. The MLV is not sold for profit; electronic versions are free. Unlike ALL other translations in print, all Christian groups have had the opportunity to propose fixes for the MLV or to assist in some way, Open Source to remove all religious biases, traditions or doctrines of men. The Modern Literal Version uses the Majority Text (The New Testament in the Original Greek, Byzantine Text-form 2005/2010, Compiled and Arranged by Maurice A. Robinson and William Pierpont ISBN: 978-1540415585 & 978-1540792457). Only three primary methods exist to translate a foreign language. The first is to translate each word in a literal word for word fashion, keeping the original word order. (ISBN: 978-1973921967). When combined with the Greek text, they are called interlinears. The Modern Literal Version is the second type: "Literal" or "word-for-word" translation. This sounds like the first, but is not the same and the two are often confused. In a literal version each word and phrase is uniformly rendered, Greek idioms are carefully translated uniformly. The Greek parts of speech are rearranged

as they would be in typical English order of: Subject, verb, object, indirect object, and punctuation are added. Greek is extremely choppy and supplied words are needed to have an "English like flow" to them rather than paraphrasing. Supplied words are identified in the MLV. The third translation method, and the most common one in the past 30 years, is to paraphrase the Greek into English. These are easy to spot because they read like a newspaper and have no supplied words marked. They are known by various names, such as dynamic equivalence, essentially literal, free style, thought-for-thought, better than a word-for-word, and so on. 95% of all Bible translations are this type. The value of paraphrased versions is for those looking for a Bible that reads like a story book and would never be used as a study tool. However, we feel strongly that thought-for-thought introduces too many editorial opinions. We want what God said, not an interpretation of it. They are sometimes better described as "opinion for opinion" because each time they are proofread more personal beliefs are exchanged for the Word of God. One way to look at it is like this: If there was a court case with a

key document as evidence, and this document was in a foreign language, would a "thought-for-thought" translation be acceptable? The document we are talking about here is the "Last Will and Testament" of our Lord Jesus. The third type translations are watered down and those places that are disputed by the various religious groups will always match the beliefs of their translators, publishing company or the church behind the translation! These are the Amazon search terms (ISBN) for every book in the MLV & Byzantine Text Form series: 7"x10" MLV N.T. in pink for the ladies and cancer survivors (12pt): 978-1976027314 All below are 8.5"x11" Modern Literal Word for Word (Pre) Translation (11pt): 978-1973921967 MLV English Concordance linked with Strong's Numbers (11pt): 978-1503330115 Greek Lexicon & Greek Concordance with Strong's (11pt): 978-1503338166 Analytical Greek Lexicon & Greek Concordance (12.5pt Greek): 978-1974377015 MLV Larger Print N.T. The Nordic Storyteller: Essays in Honour of Niels Ingwersen consists of a set of nineteen research essays plus an introduction, written by colleagues and admirers of Niels and Faith Ingwersen, leaders in the field of Scandinavian Studies in North America for some four decades. A first section of seven essays, entitled “Songs and Tales in Oral Tradition,” presents research in the area of folklore studies, including balladry, saints’ lives, incantations, heal-

ing, legendry, and personal experience narrative. Articles take up such issues as classification, thematics, cultural and historical change, and the effects of technology on daily life. A closely related second section, “From Oral Tradition to Literature” includes three essays which examine the adaptation of oral tradition to literary forms, focusing on the works of P. Chr. Asbjørnsen, Esias Tegnér, Elias Lönnrot, F. R. Kreutzwald, and the illustrations of Arthur Rackham—all figures important in the rise of folklore as a key interest of Romantic nationalism. A further set of nine essays grouped under the title “Tales in Literary Form” examine aspects of the writings of some of the greatest storytellers of the

nineteenth and twentieth centuries, including H. C. Andersen, Herman Bang, Henrik Ibsen, Jóhann Magnús Bjarnason, Charles Dickens, Thomas Mann, Isak Dinesen, Martin Andersen Nexø, Billy August, Hans Scherfig, Peter Høeg, Klaus Rifbjerg, Leif Panduro, and Kjartan Fløgstad. Articles address topics including autobiography, source criticism, symbolism, personal and national identities, and the representation of political ideals. Together the essays of this volume demonstrate the unflagging salience of narrative—of storytelling—in the personal lives and social experiences of Scandinavians and their neighbors, past and present.
