Clinical Practice Guidelines - American Family Nurse ... [Clinical Practice Guidelines](#). "Clinical practice guidelines are systematically developed statements to assist practitioner and patient decisions about appropriate health care for specific clinical circumstances." (Institute of Medicine, 1990) Issued by third-party organizations, and not NCCIH, these guidelines define the role of specific diagnostic and treatment modalities in the diagnosis and management of patients.

[Clinical Practice Guidelines | NCCIH](#)

"When a nurse practitioner sees a patient, they don't see a medical diagnosis or a procedure. They see the whole patient, to include the physical, the mental, the emotional and the social,

and they bring it in all together, and truly treat the patient.”
—Brandon L., MSN, FNP-C Indiana Member since 2006 Clinical Resources by Therapeutic Area
