~~The Illustrated a Brief History of Time-- Stephen Hawking...~~

The success of A Brief History indicates that there is widespread interest in the big questions like: Where did we come from? And why is the universe the way it is? I have taken the opportunity to update the book and include new theoretical and observational results obtained

### ~~A Brief History of Time—Stephen Hawking~~

As a University chemistry student in the late 1960's, and a lifelong lay follower of such apparently unrelated topics as black holes, particle physics and Pastafarianism, I found this edition of the Illustrated Brief History of Time to be an excellent review of the subject from the time of the Greek philosophers to modern times.

### ~~The Illustrated Brief History of Time, Updated and ...~~

A Brief History of Time: From the Big Bang to Black Holes is a popular-science book on cosmology by English physicist Stephen Hawking. It was first published in 1988. Hawking wrote the book for readers without prior knowledge of the universe and people who are just interested in learning something new.
